SCC GENERAL RULES

- 1) Club members must be able to swim at least 25 metres.
- 2) Members participate in club activities at their own risk.
- 3) Members' own equipment and boats must be safe and suitable for the activities undertaken.
- 4) Always ensure that your spray deck release strap is easily accessible.
- 5) No dangerous paddling activities. Be aware of other water users.
- 6) Juniors, under 18 years, must be accompanied by a parent or designated adult.

SCC OUTDOOR RULES

- 1) All intending to participate on an outdoor paddle to sign in on the SCC Risk Assessment Sheet and register details of experience, medical status & boat.
- 2) The leader's safety and other instructions must be obeyed at all times.
- 3) You are advised to wear a helmet at all times
- 4) The leader's decision on who can participate in the paddle is final.

SCC POOL RULES

- 1) An introductory session is required for all members on their first visit to the pool. This will include capsized drill, the righting of a capsized canoeist, manual handling of swamped kayaks, and a 25m swim.
- 2) Respond quickly to rescue a capsized canoeist. (Preferred method – reach across the boat, grab the deck and roll the boat and yourself back over. To help the rescuer, lean forward and hold your deck to make a more streamlined shape.
- 3) Empty your boat while in the water, not on the poolside or edge. This safeguards the boat and YOUR BACK.
- 4) Members may only enter the pool without a boat if helping, instructing, or rescuing. No recreational swimming.
- 5) Respond quickly to the instructions of the pool supervisor (SCC member on pool duty, or other pool staff).
- 6) Photos and videos may be taken during pool sessions for training purposes only. If any member objects to this policy, please contact a member of the Committee at the earliest opportunity.

The above are in addition to other pool rules at the facility used.
